I am a Visual Artist, Video Editor and Lecturer. In 2023 I won an Excellence in Teaching Award from Bezalel Art and design Academy. I'm a member of the Professional Artists Union administration board.

I Graduated from Beit Berl school of Arts, and hold a BA in Film & Television from Tel Aviv University, and an MA in Culture & Film studies from Haifa University.

My fields of expression are painting, photography and video. In my creations, I deal with the practices of coverage and exposure, while examining and challenging the classic forms of expression of those visual arts I use.

I have participated in many solo and group exhibitions, in various venues including museums and galleries. My works are included in museum and private collections.
